## YOUR SAFETY DEPARTMENT ANNOUNCES NEW COURSE OFFERINGS

### ***Counter Balanced Forklift, Telehandler Forklift, Aerial Lift (Boom and Scissor) Training***

JUNE 11<sup>TH</sup>, 2016, (San Antonio, Texas) – Your Safety Department, LLC is proud to announce that it is authorized to provide OPERATOR TRAINING PROGRAMS for the above referenced equipment to all customers who need to ensure that their operations meet US OSHA training and recordkeeping requirements.

The approximately 4-hour **Rough Terrain and Counter Balanced Forklift** training course provides a classroom presentation, written test, hands-on practice and skills testing session. The classroom portion focuses on key information needed for safe operation of counterbalance and rough terrain forklifts. The hands-on portion provides the opportunity to practice skills in a safe environment under the direct observation and coaching of our professional instructors. Operator skills are evaluated using industry standards. The training is not make or model specific but covers concepts common to most types of rough terrain and counter balanced forklifts.

The approximately 4-hour **Aerial Boom Lift and Scissor Lift** training provides a classroom presentation, written test, hands-on practice and skills testing session. The classroom portion focuses on key information needed for safe operation of an aerial boomlift and scissor lift. The hands-on portion provides the opportunity to practice skills in a safe environment under the direct observation and coaching of our professional instructors. Operator skills are evaluated using industry standards. The training is not make or model specific but covers concepts common to most types of aerial boomlifts and scissor lifts.

We invite all interested parties to immediately contact Your Safety Department, LLC at (888)-859-5653 to schedule your personnel for this important OSHA required training.

Chris Thuneman, President of Your Safety Department states, “We are excited at adding these quality safety programs to our service capabilities in order to support our customers and their employees with programs designed to enhance their safety awareness and training. These courses, provided by Authorized Trainers, are essential to the safety of personnel working in the oil and gas, construction, mining and general industry sector and everyone will benefit from the material learning that is offered.”

### **About Your Safety Department, LLC**

Your Safety Department is a privately-held, safety solution services company for the oil, gas, chemical, power, mining, construction, and general industries with a global network of industrial safety suppliers and equipment selling into the continental United States. Your Safety Department also provides both onsite and online services including safety staffing, outsourced safety, fit testing, safety training, and written programs all designed for seamless implementation into existing safety management systems.
